1. **Requested by** Chair, Health and Wellbeing Board
 2. **Purpose**
 - 2.1 The attached document is an advanced draft of a revised Blueprint for Health and Care in Portsmouth. The document describes how NHS Hampshire and Isle of Wight Integrated Care Board (HIOW ICB) and Portsmouth City Council (PCC) along with other key partners in the city, will work together to further strengthen the place-based health and care integration in the city.
 - 2.2 Health and Care Portsmouth is a long-standing partnership of six organisations, working together to improve the delivery of health and care services in the city. These are:
 - Portsmouth City Council
 - NHS Hampshire and Isle of Wight Integrated Care Board
 - Portsmouth Primary Care Alliance
 - Solent NHS Trust
 - Portsmouth Hospitals University NHS Trust
 - HIVE Portsmouth
 - 2.3 ***Our vision is for everyone in Portsmouth to be enabled to live healthy, safe and independent lives, with care and support that is integrated around the needs of the individual at the right time and in the right setting. We will do things because they matter to local people, we know that they work and we know that they will make a measurable difference to their lives.***
 - 2.4 Place-based organisations will work as key partners in the Hampshire and Isle of Wight Integrated Care System (HIOW ICS) and with the local delivery system around the acute trust footprint to ensure the successful implementation of health and care services for Portsmouth, in line with the aims of the ICS,

- 2.5 The development of the ICS presents an opportunity to strengthen partnership arrangements to improve health outcomes and reduce health inequalities both locally and working at scale in the ICS.
- 2.6 In addition to the Health and Care Act 2022, which formalised the statutory development of ICSs, the government have set out their position on a range of related matters. This includes the Integration White paper, which considers how joint working between health and care agencies can be made easier to benefit service users and improve outcomes, and the "People at the heart of care" adult social care reform white paper, setting out proposals for change.
- 2.7 Taken together, these legislative and policy changes add up to a significant package of change which will need all partners in the system to work together to deliver. In Portsmouth, our strong history of partnership means that we are well placed to deliver positive change. We look forward to continuing our journey of integrated health and care so that people experience better care and seamless services and receive the support they need.

- 3.3 The intention is that the document will be completed over the winter along with the more developed delivery plans for the areas of strategic focus.
