

Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity - This can be found in Section A5

Directorate:

Regeneration

Service, function:

Parking Service

Title of policy, service, function, project or strategy (new or old) :

TRO 166/2022 Proposed Disabled Bays

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

What is the aim of your policy, service, function, project or strategy?

To make it easier for disabled blue badge holders to park closer to where they live.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

Statutory consultation took place for TRO 166/2022 between 12th September and 3rd October 2022. The majority of disabled bays received no comments or objections, the bay that has received objections has the full details within the published report

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

This proposal will assist the more vulnerable in being able to go out in a vehicle, knowing that when they return they will be able to park close to their home. Blue badge holders who do not have off-street parking available to them, often find that they cannot park close to their home and feel that they cannot go out as they are unable to walk the distance home from where they have to park. The installation of disabled bays for blue badge holders helps to improve their mental health/quality of life by giving them confidence to go out and about knowing they will be able to park close to home when they return

How are you going to measure/check the impact of your proposal?

Feedback from blue badge holders

A - Communities and safety

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The proposed disabled bay will benefit the blue badge holder by helping them to park close to where they live. Blue badge holders often have a walking disability which means they can only walk a short distance without experiencing very considerable difficulty when walking. When blue badge holders go out and about they can utilise dedicated disabled parking bays/exemptions from certain parking restrictions to enable them to access public buildings, shops and other services, however when they return home they can find they have to walk a considerable distance from where they park. The installation of disabled bays close to where a blue badge holder lives has a positive impact as it will enable them to park by their home. Only those with a valid blue badge can park in the bays, but each bay can be used by any blue badge holder so the proposal doesn't have negative impacts on other blue badge holders

How are you going to measure/check the impact of your proposal?
