

# Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

[www.portsmouth.gov.uk](http://www.portsmouth.gov.uk)

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
  - Communities and safety
  - Regeneration and culture
  - Environment and public space
  - Equality & - Diversity This can be found in Section A5

**Directorate:**

Regeneration

**Service, function:**

Transport Planning

**Title of policy, service, function, project or strategy (new or old) :**

Portsmouth supported bus services

**Type of policy, service, function, project or strategy:**

- Existing
- New / proposed
- Changed

**What is the aim of your policy, service, function, project or strategy?**

Maintain supported bus services 13/14 and 22 and commercial bus service 18 until 29 July 2023 to allow a re-tendering exercise to take place.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

A supported bus service on-bus survey and interviews was undertaken to understand passenger needs. In addition to this a workshop and on-line survey was undertaken with Portsmouth Councillors. Boarding data has been provided by the bus operator and surveys will be carried out on service 18.

In addition to this previous surveys including the 2021 Bus Service Improvement Plan resident survey, Transport, Environment and Community Safety 2021

This information will inform the tender process.

The supported bus services improve quality of life and mental health for those who may be isolated without them.

Portsmouth City Council has a statutory duty under the Transport Act 1985 Act, to consider the provision of bus routes where there are no commercial services, but there is demand from residents and visitors who otherwise would be unserved by public transport.

Portsmouth has a relatively competitive bus network which has been facilitated by previous investment and is planned to continue through SEHRT and the National Bus Strategy including bus priority, a comprehensive Real Time Passenger Information (RTPI) offer and good on street bus infrastructure. This has ensured that commercial operation is the norm across the densely populated urban conurbation. However, the councils amount of supported services has increased due to commercial withdrawals in the bus network, in particular since the COVID pandemic.

Portsmouth City Council currently subsidises bus services 12, 13/14, 22 and 25. These routes cover large residential and commercial areas of the city which otherwise do not benefit from a bus service. The current supported bus network has evolved through responding to commercial network withdrawals by bus operators over several years.

To assist bus operators during the Covid pandemic the Government Covid Bus Service Subsidy Grant (CBSSG) in October 2020 was superseded by Bus Recovery Grant (BRG) in July 2021. This has been now extended to March 2023. There has since been uncertainty around funding for bus services with the future of the Bus Service Operator Grant (BSOG) being unclear. These challenges have led to a reduction in frequency of commercial services across Portsmouth, including key corridors.

In April 2022 the Department for Transport outlined the CBSSG would cease in October 2022 and asked all local transport authorities to undertake a "network review" with the local bus operators to ascertain which services would continue be impacted by this.

First Solent advised on 23 December 2022 that it could no longer run the 13/14 and 22 after 1 April 2023 without increased funding

from the council and would require funding from the council for the previously commercial service 18 from the same date if that was to continue.

The council is acting to maintain the commercial and tendered bus services whilst tenders are carried out.

How are you going to measure/check the impact of your proposal?

We will be monitoring through the performance indicators of the LTP and the Portsmouth BSIP in relation to

- a) total bus patronage
- b) bus passenger satisfaction

**A - Communities and safety**

**Yes**

**No**

Is your policy/proposal relevant to the following questions?

**A4-Income deprivation and poverty**-Will it consider income deprivation and reduce poverty?

In thinking about this question:

- How will it support those vulnerable to falling into poverty; e.g., single working age adults and lone parent households?
- How will it consider low-income communities, households and individuals?
- How will it support those unable to work?
- How will it support those with no educational qualifications?

**A - Communities and safety**

**Yes**

**No**

Is your policy/proposal relevant to the following questions?

**A5-Equality & diversity** - Will it have any positive/negative impacts on the protected characteristics?

In thinking about this question:

- How will it impact on the protected characteristics-Positive or negative impact (Protected characteristics under the Equality Act 2010, Age, disability, race/ethnicity, Sexual orientation, gender reassignment, sex, religion or belief, pregnancy and maternity, marriage and civil partnership,socio-economic)
- What mitigation has been put in place to lessen any impacts or barriers removed?
- How will it help promote equality for a specific protected characteristic?

If you want more information contact [gina.perryman@portsmouthcc.gov.uk](mailto:gina.perryman@portsmouthcc.gov.uk) or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-equality-strategy-2019-22-final.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Local bus services have a disproportionate proportion of passengers that have protected characteristics as outlined by the Equalities Act 2010. A survey of passengers in Portsmouth revealed that tendered bus services carries 15% more women than males. Results also indicate a high use by older people (47% using senior concessionary pass) and 18% of people identify themselves as disabled.

How are you going to measure/check the impact of your proposal?

The continuation of the supported services until July 2023 will support those with protected characteristics who utilise the services. The new tendered services from July 2023 will seek to minimise any impact on those with protected characteristics.

**B - Environment and climate change**

**Yes**

**No**

Is your policy/proposal relevant to the following questions?

**B1-Carbon emissions** - Will it reduce carbon emissions?

In thinking about this question:

- How will it reduce greenhouse gas emissions?
- How will it provide renewable sources of energy?
- How will it reduce the need for motorised vehicle travel?
- How will it encourage and support residents to reduce carbon emissions?

Local bus travel is the largest form of sustainable transport in the UK journeys on which are 50% more carbon effective than single car occupancy. The continuation of supported bus services until July 2023, supports modal shift from private car.

How are you going to measure/check the impact of your proposal?  
We will monitor bus patronage levels

## B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

**B6-Transport** - Will it improve road safety and transport for the whole community?

In thinking about this question:

- How will it prioritise pedestrians, cyclists and public transport users over users of private vehicles?
- How will it allocate street space to ensure children and older people can walk and cycle safely in the area?
- How will it increase the proportion of journeys made using sustainable and active transport?
- How will it reduce the risk of traffic collisions, and near misses, with pedestrians and cyclists?
