Portsmouth Bus Passenger Charter

March 2023

The Council's Local Transport Plan aims to *Transform Public Transport* by prioritising local bus services over general traffic to make journeys by public transport quicker and more reliable and to deliver high quality transport interchanges, stations and stops. It also sets out how the City Council will continue to work with public transport operators to deliver integrated, efficient, affordable, and attractive services promoting local and regional connectivity.

We aim to provide the best possible bus services in Portsmouth as part of the Enhanced Bus Partnership between Portsmouth City Council and bus operators. This Passenger Charter was Issued in April 2023 and is valid until March 2025.

This charter sets out what can be expected when using all local bus services that operate across Portsmouth. These include the services provided by the following bus operators:

First Bus South

Including Star, Eclipse, Solent Ranger & Solent services

Stagecoach South

Including Coastliner 700 services

It also covers elements of service provision that are the responsibility of Portsmouth City Council, which is the Local Transport Authority, including bus stops. Portsmouth City Council has been funded £48m from the Department of Transport (DfT) as part of the National Bus Strategy to work with bus operators and our communities to work together to improve bus services in Portsmouth. We aim to create a *bus service that is more attractive to everyone*.
