Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	<p>This proposal will support the movement of vehicles, including public transport through the enforcement of moving traffic contraventions. This includes keeping box junctions clear, preventing unnecessary obstruction of traffic and therefore reduce unnecessary idling at these locations.</p> <p>Improved public transport journey times will encourage increased use.</p>
How are you going to measure/check the impact of your proposal?	<p>Engagement with the Cleaner Air team and through compliance figures from enforcement cameras.</p>

Transport - will it make transport more sustainable and safer for the whole community?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	<p>By undertaking enforcement of banned movements, this will increase road safety in locations where contraventions of these banned movements are regularly contravened potentially causing a conflict between traffic and pedestrians.</p> <p>By ensuring box junctions are kept clear on major routes through the city, this will assist the free movement of public transport through the city. Through this increasingly free movement will assist in improving bus journey times and help to encourage mode shift to these forms of transport.</p>
How are you going to measure/check the impact of your proposal?	<p>Bus journey times, bus usage.</p>

Waste management - will it increase recycling and reduce the production of waste?

Social value

<p>Please explain how your policy, service, function, project or strategy delivers Social Value</p>	<p>The improvement in network journey times benefits local people by improving public transport journey times, providing reliable and efficient public transport. This will also benefit local business, by creating improved access to local business by ensuring the free movement of transport.</p> <p>With reference to the environment, enforcement of box junctions will ensure there is a reduction in unnecessary idling around junctions which should be clear, with enforcement being in place to improve compliance.</p>
