

REP TWELVE

Review REF Num 23/02516/LAREV 1

01-08-2023

Sir Madam

I am writing this letter to convey my  
I am living within the vicinity of the venue IT'S MUSTARD  
at 116 Albert road Southsea Portsmouth. For 9 months I've had  
to do with the noise, music emitting from the mentioned venue.  
The impact on my life has been unbearably stressful, the anxiety, the  
stress is to the point if the issues are not resolved I will be unable  
to continue to reside at my home. I will be forced to move out.  
Especially I vacate my family home of 16 years if the noise becomes  
unbearable. I have trouble dealing with the music, drunk people  
drinking, shouting bad language in the venue's outside area.  
To mention the broken glasses, bottles, cigarettes end's, even people  
coming into my outside area. This is having a huge impact on my  
well-being. I have not spoken to the landlady or owner of IT'S  
MUSTARD as other neighbours have aired their concerns only to be  
met with aggression. The current format this venue is managed  
is more like a night club. I have lived in this property for  
many years and been within my family for over 100 years.  
I fully understand the dynamics of Albert road, being mixed  
residential properties. Other venues on the main  
road are fully sound proof to limit the noise, to  
be a consideration for the local residential community.  
I have contacted the environment team countless times. The  
venue has had various opportunity to show restraint and consideration  
for the residential community and sadly has choose not to do so.
