Further to the notice (ref 11/LWA/23) served upon you on 11th April 2023 an officer from this department has again witnessed a noise nuisance caused by loud music emanating from your property.

It is an offence under Section 80(4) of the Environmental Protection Act 1990, to contravene the requirements of an Abatement Notice without reasonable excuse. It is alleged that you, Its Mustard Ltd have contravened the above legislation by causing a noise nuisance within nearby premises, contrary to the requirements of an abatement notice served upon you, in the respect of the following dates and times:

As a result of these allegations Regulatory Services will be seeking a review of your premise license.
