

Form name	Integrated Impact Assessment
Reference	IA543462910
Date	31/08/2023

Policy details

Request date	31/08/2023 16:11
Directorate	PCC Culture Leisure and Regulatory Services
Service	Sport and Leisure
Title of policy, service, function	Strategic Outcomes Plan for Sport and Physical Activity in Portsmouth
Type of policy, service, function	New
What is the aim of your policy, service, function, project or strategy?	To establish a sound evidential basis for investment decisions for Sports and Leisure facilities in Portsmouth
Has any consultation been undertaken for this proposal?	no

Equality & diversity - will it have any positive/negative impacts on the protected characteristics?

With the above in mind and following data analysis, who is the policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?	The acceptance of the Sport England strategy 'Uniting the Movement' is implicit in this plan. The strategy aims to improve access to 'under-represented groups' which align pretty well with the protected characteristics from the Equality Act 2010. The intention is that, by focusing on the under-represented groups' this plan will uplift the quality and accessibility of sports facilities to the benefit of all parts of society.
--	---

Will any of those groups be affected in a different way to others because of your policy, project, service, function, or strategy?	The 'under-represented groups' should benefit from improved access to opportunities for physical exercise.
If you are directly or indirectly discriminating, how are you going to mitigate the negative impact?	There is no evidence of discrimination (direct or indirect)
Who have you consulted with or are planning to consult with and what was/will be your consultation methodology?	The plan has not been consulted on, but the main investment decisions contained within it (and influenced by it) have been widely consulted on.
How are you going to review the policy, service, project or strategy, how often and who will be responsible?	This plan will be reviewed through the updating of key strategy documents in 2025 (Sports Facility Strategy and Playing Pitch Strategy).

Crime - Will it make our city safer?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	There is evidence (eg https://www.sportsthinktank.com/uploads/tired-of-hanging-around-audit-commission.pdf) to suggest that where quality community sports and leisure facilities are provided antisocial behaviour can be reduced. It is true that some may be magnets for ASB, but where facilities are well managed this can be eliminated.
How are you going to measure/check the impact of your proposal?	ASB is reported regularly via quarterly meetings with the leisure facility operator.

Housing - will it provide good quality homes?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Health - will this help promote healthy, safe and independent living?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	The provision of quality sports and leisure facilities are specifically intended to improve Portsmouth residents' physical and mental health. Access to opportunities to exercise improves health in all circumstances.
How are you going to measure/check the impact of your proposal?	Measurable via Public Health outcomes.

Income deprivation and poverty - will it consider income deprivation and reduce poverty?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	One of the 'under-represented groups' that are the focus of industry-wide strategy is people on low incomes. The sports and leisure service provides discounted access to sports facilities to people on low income via the council's Leisure Card.
How are you going to measure/check the impact of your proposal?	Uptake of leisure card use is monitored by the facilities operator.

Carbon emissions - will it reduce carbon emissions?

<p>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</p>	<p>The capital investments, where they result in new builds or renovations are expected to meet BREEAM excellent standard which focuses design decisions on ones which reduce energy consumption and carbon emissions and make use of renewables.</p>
<p>How are you going to measure/check the impact of your proposal?</p>	<p>Energy use is a significant element of the operating costs of leisure facilities. The Sports and Leisure Service works closely with the council's energy team and the operator to monitor and reduce energy consumption.</p>

Energy use - will it reduce energy use?

<p>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</p>	<p>See answer above.</p>
<p>How are you going to measure/check the impact of your proposal?</p>	<p>As above</p>

Climate change mitigation and flooding - will it proactively mitigate against a changing climate and flooding?

<p>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</p>	<p>Design requirements of new or renovated facilities will take flood risk and other consequences of climate change into account.</p>
<p>How are you going to measure/check the impact of your proposal?</p>	<p>No plans to monitor. Mitigation measures are largely built into the design so are hard to change down the line.</p>

Natural environment - will it ensure public spaces are greener, more sustainable and well-maintained?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Air quality - will it improve air quality?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Transport - will it make transport more sustainable and safer for the whole community?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Waste management - will it increase recycling and reduce the production of waste?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Culture and heritage - will it promote, protect and enhance our culture and heritage?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	High quality sports and leisure facilities will make Portsmouth a place people will want to live in and visit.
--	--

How are you going to measure/check the impact of your proposal?	No plans to monitor
--	---------------------

Employment and opportunities - will it promote the development of a skilled workforce?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Economy - will it encourage businesses to invest in the city, support sustainable growth and regeneration?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	A network of quality sports and leisure is a factor that will tend to promote Portsmouth as a place people will want to live in - providing a healthy workforce that businesses will want to attract.
How are you going to measure/check the impact of your proposal?	No plans to monitor

Social value

Please explain how your policy, service, function, project or strategy delivers Social Value	Most investment decisions will be delivered via 3rd party contractors, the procurement of which will lock in commitments to deliver social value.
---	---

Involvement

Who was involved in the Integrated impact assessment?	David Moorman - Strategic Development Manager
Name of the person completing this form	David Moorman
Date of completion	2023-08-31
