

<b>Form name</b>	Integrated Impact Assessment
<b>Reference</b>	IA548888421
<b>Date</b>	21/09/2023

## Policy details

<b>Request date</b>	21/09/2023 19:49
<b>Directorate</b>	PCC Regeneration
<b>Service</b>	Transport -Parking
<b>Title of policy, service, function</b>	All year charging Southsea and Eastney Esplanades
<b>Type of policy, service, function</b>	New
<b>What is the aim of your policy, service, function, project or strategy?</b>	To encourage drivers to consider alternatives to the car and to address the difference in charging between the western and eastern end of the seafront.
<b>Has any consultation been undertaken for this proposal?</b>	yes
<b>What were the outcomes of the consultations?</b>	A number of concerns were expressed about access to the seafront
<b>Has anything changed because of the consultation?</b>	yes
<b>Please provide details</b>	As a result of receiving the objections the matter has been referred the Cabinet Member for review and decision
<b>Did this inform your proposal?</b>	no

**Equality & diversity - will it have any positive/negative impacts on the protected characteristics?**

<p><b>With the above in mind and following data analysis, who is the policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?</b></p>	<p>The policy encourages people to consider options other than driving and effects all people equally except Blue Badge Holders who will be exempt.</p>
<p><b>Will any of those groups be affected in a different way to others because of your policy, project, service, function, or strategy?</b></p>	<p>It will not effect Blue Badge Holders.</p>
<p><b>If you are directly or indirectly discriminating, how are you going to mitigate the negative impact?</b></p>	<p>The proposal does not discriminate.</p>
<p><b>Who have you consulted with or are planning to consult with and what was/will be your consultation methodology?</b></p>	<p>The consultation was a statutory one. There was a newspaper notice and notices were put up in the effected areas.</p>
<p><b>How are you going to review the policy, service, project or strategy, how often and who will be responsible?</b></p>	<p>The feedback from the public will be reviewed and considered by officers in the parking section.</p>

**Crime - Will it make our city safer?**

<p><b>This section is not applicable to my policy</b></p>	<p><input checked="" type="checkbox"/></p>
---	--

## Housing - will it provide good quality homes?

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

## Health - will this help promote healthy, safe and independent living?

<b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b>	The proposal is intended to make people consider alternatives to using the car. this can have a positive impact on the person deciding not to use the car and generally improve air quality.
<b>How are you going to measure/check the impact of your proposal?</b>	The amount of parking can be measured but it is difficult to accurately measure air quality improvements.

## Income deprivation and poverty - will it consider income deprivation and reduce poverty?

<b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b>	The financial impact of parking charges is relatively small compared to the cost of running a car. If the charges encourage those on low incomes to use healthier alternatives there is a positive impact. If they choose to continue using the car there will be a cost.
<b>How are you going to measure/check the impact of your proposal?</b>	The numbers using parking spaces will be measured.

## Carbon emissions - will it reduce carbon emissions?

<p><b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b></p>	<p>There can be a positive impact if fewer cars drive to the seafront and there is less congestion.</p>
<p><b>How are you going to measure/check the impact of your proposal?</b></p>	<p>It would be hard to measure the effect accurately because so many other factors impact on the data.</p>

### **Energy use - will it reduce energy use?**

<p><b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b></p>	<p>A reduction in car use will reduce the amount of petrol, diesel and electricity .</p>
<p><b>How are you going to measure/check the impact of your proposal?</b></p>	<p>It will be hard to measure the actual impact of the parking charge on the use of fuel.</p>

### **Climate change mitigation and flooding - will it proactively mitigate against a changing climate and flooding?**

<p><b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b></p>	<p>Any impact is likely to be small but if it reduces car use it will have a positive effect</p>
<p><b>How are you going to measure/check the impact of your proposal?</b></p>	<p>It would be hard to measure any effect.</p>

**Natural environment - will it ensure public spaces are greener, more sustainable and well-maintained?**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Air quality - will it improve air quality?**

<b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b>	Reducing the use of cars would have a positive effect on air quality#.
<b>How are you going to measure/check the impact of your proposal?</b>	It would be very difficult to measure the impact of charging for parking in this area on air quality.

**Transport - will it make transport more sustainable and safer for the whole community?**

<b>Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?</b>	Parking charges will encourage drivers to consider other options and reduce the number of cars on the road. This makes the roads safer for pedestrians.
<b>How are you going to measure/check the impact of your proposal?</b>	The number of cars parking can be measured from the charges paid.

**Waste management - will it increase recycling and reduce the production of waste?**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Culture and heritage - will it promote, protect and enhance our culture and heritage?**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Employment and opportunities - will it promote the development of a skilled workforce?**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Economy - will it encourage businesses to invest in the city, support sustainable growth and regeneration?**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Social value**

<b>This section is not applicable to my policy</b>	<input checked="" type="checkbox"/>
--	-------------------------------------

**Involvement**

<b>Who was involved in the Integrated impact assessment?</b>	Kevin McKee
