---	-------------------------------------

Economy - will it encourage businesses to invest in the city, support sustainable growth and regeneration?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
---	-------------------------------------

Social value

<p>Please explain how your policy, service, function, project or strategy delivers Social Value</p>	<p>Over 75% of Portsmouth's coastline is a designated leisure space designed for members of the public to enjoy the benefits of outdoor space. Our inland water locations such as ponds and lakes also sit within outdoor spaces available for leisure use such as parks or woodland.</p> <p>This Water Safety policy delivers social value by ensuring there is a focus on actively managing our open water spaces and with appropriate levels of information and signage to allow our residents and visitors to make informed decisions on how best to enjoy leisure space next to the water. Our active management and visibility of safety signage and rescue equipment gives people confidence in their ability to enjoy the benefits of being by the water.</p>
