

APPENDIX C

1A Netley Terrace
Southsea PO5 3NF,
02.12.23.

Dear Mr. Stone,

Although my entrance is on the corner of Netley Road and Terrace, my Plot extends along the Road to the alleyway,

This is a Conservation Area and a residential one. The extension of hours for drinking and playing music will undermine the First Three objectives. As for the fourth it is to be hoped no children are out at those times.

With longer drinking hours, more people are likely to be drunk and

make more noise when leaving.

Drinking can cause arguments and fights with public nuisance a result as well as their safety.

There are environmental considerations too such as an increase of litter which can attract rats and seagulls.

Music too can be too noisy and affect anyone on shift work or unsocial hours.

There are already many places serving drink & playing music nearby.

Earlier there was a stubbing outside the premises.

I feel strongly that the variation should be refused.

I am 86 years old and hoped

to live a peaceful life in a
quiet area.

Yours sincerely,

[REDACTED]

P.S. I did not receive your notice
though Plots 2, 3 & 4 did.
