

Form name	Integrated Impact Assessment
Reference	IA588891459
Date	21/02/2024

Policy details

Request date	21/02/2024 17:13
Directorate	PCC Regeneration
Service	Transport Services
Title of policy, service, function	Portsmouth Park & Ride Contract Re-tender
Type of policy, service, function	Existing
What is the aim of your policy, service, function, project or strategy?	To select and award the contract to the highest scoring tenderer identified through open tender
Has any consultation been undertaken for this proposal?	no

Equality & diversity - will it have any positive/negative impacts on the protected characteristics?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Crime - Will it make our city safer?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Housing - will it provide good quality homes?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Health - will this help promote healthy, safe and independent living?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	One of the Lot options in the tender is to provide a electric fleet which helps promoting healthy living.
How are you going to measure/check the impact of your proposal?	The usage of the service

Income deprivation and poverty - will it consider income deprivation and reduce poverty?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Carbon emissions - will it reduce carbon emissions?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	The provision of park & ride supports substantial mode shift from the private car to more sustainable modes of transport. It plays a critical role in enabling sustainable growth and regeneration in the city. It also aims at intercepting traffic before it reaches the city centre, while still ensuring people can get into the city quickly and conveniently. In providing a park and ride service the Council was envisaging that it would play a significant role in addressing the issues of traffic congestion, air quality and carbon emissions in the City
--	--

How are you going to measure/check the impact of your proposal?	The usage of the service
--	--------------------------

Energy use - will it reduce energy use?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Climate change mitigation and flooding - will it proactively mitigate against a changing climate and flooding?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Natural environment - will it ensure public spaces are greener, more sustainable and well-maintained?

This section is not applicable to my policy	<input checked="" type="checkbox"/>
--	-------------------------------------

Air quality - will it improve air quality?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	The provision of park & ride supports substantial mode shift from the private car to more sustainable modes of transport. It plays a critical role in enabling sustainable growth and regeneration in the city. It also aims at intercepting traffic before it reaches the city centre, while still ensuring people can get into the city quickly and conveniently. In providing a park and ride service the Council was envisaging that it would play a significant role in addressing the issues of traffic congestion, air quality and carbon emissions in the City
--	--

How are you going to measure/check the impact of your proposal?	Usage of service
--	------------------

Transport - will it make transport more sustainable and safer for the whole community?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?	The provision of park & ride supports substantial mode shift from the private car to more sustainable modes of transport. It plays a critical role in enabling sustainable growth and regeneration in the city. It also aims at intercepting traffic before it reaches the city centre, while still ensuring people can get into the city quickly and conveniently. In providing a park and ride service the Council was envisaging that it would play a significant role in addressing the issues of traffic congestion, air quality and carbon emissions in the City.
