Licensing Act 2003 - Application for grant of a premises licence - Restaurant 27, 27A South Parade, Southsea, PO5 2JF

1. PURPOSE OF REPORT

The purpose of this report is for the committee to consider an application for the grant of a new premises licence pursuant to section 18 of the Licensing Act 2003 ("the Act").

The matter has been referred to the committee for determination following receipt of relevant representations from several local residents. Further detail about the representations received is shown at paragraph 4 below.

2. THE APPLICATION AND PROPOSED OPERATING SCHEDULE

The premises licence application has been submitted on behalf of AGNI27A Ltd and relates to premises known as Restaurant 27 and situated at 27A South Parade, Southsea, PO5 2JF.

The initial licensable activities requested were opening and operating hours from 11:00 until 01:00 daily together with Late night Refreshment from 23:00 until 01:00. Following notification to the applicant that objections had been received from local residents regarding a 1am closing time the applicant amended his application as below.

Proposed Licensable Activity	Days and Times of Operation
Sale by retail of alcohol	Monday to Sunday 11:00 until 23:00
Playing of recorded music	Monday to Sunday 11:00 until 23:00
Late night refreshment	Withdrawn

With the hours of opening and closing being:

Days of the Week	Open	Close
Monday to Sunday	11:00	23:00

The applicant has detailed in the operating schedule the steps intended to support and promote the licensing objectives. These can be found in the redacted application form attached as **appendix A**. A plan of the premises is attached as **appendix B**.

The updated statutory guidance¹ gives general advice about the steps to promote the licensing objectives as follows:

Paragraph 8.42 "Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

¹ Revised Statutory Guidance issued by the Home Office

- *the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;*
- *any risk posed to the local area by the applicants' proposed licensable activities; and*
- *any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks."*

Paragraph 8.43 *"Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy."*

Paragraph 8.44 *"It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application."*

Paragraph 8.47 *"Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises."*

3. BACKGROUND INFORMATION

The provisions relating to the grant of a premises licence are contained within part 3 of the Licensing Act 2003 and associated statutory regulations.

Public notice has been given by way of press notice, a premises notice and local ward councillors have been notified of the application. There are no germane grounds for the committee to reject the application for non-compliance with the prescribed advertising requirements.

These premises have been a licensed venue for nearly 50 years since 1975, formerly Murrays and more recently as Restaurant 27. The permitted hours for opening and the sale of alcohol for Restaurant 27 was until 01:00 daily Monday to Sunday.

The applicant is an experienced operator with over 24 years retail experience, 18 years operating several businesses with an alcohol licence and a Designated Premises Supervisor for two of his businesses.

This new business will be an independent Pizza Restaurant with a maximum of 50 covers. All seating is internal with no external seating available. Alcohol will only be served to persons dining or as part of a takeaway food order. Deliveries will be managed to ensure compliance

with proof of age and undertaken by either Deliveroo, Just Eat or Uber Eat operatives who will comply with their own rules with regard to proof of age for alcohol sales.

Clear notices will be displayed at the premises with regard to customers leaving the venue quietly. The premises has a flat above which a member of staff for the applicant occupies.

4. REPRESENTATIONS BY RESPONSIBLE AUTHORITIES AND OTHER PERSONS

There are no objections from any responsible authorities and the applicant has agreed a number of conditions with the police. Relevant representations were received from nineteen local residents objecting to the hours of trading, seven days of operation, off sales, general noise concerns and potential for anti-social behaviour. Five people withdrew their objections once made aware of the reduction in the original hours, however fourteen residents have continued with their objections for a variety of reasons in the main the fact that these premises are located in a residential area. Some objections refer to the suggestion of external seating, this is not and has never been part of this application. The pavements outside are not wide enough for this to even be considered and the applicant is fully aware of this.

Copies of the redacted representations received are attached as **appendix C**.

At **appendix D** is a copy of the flyer posted through local residents letter boxes.

At **appendix E** are two photographs showing external views of the venue.

5. POLICY AND STATUTORY CONSIDERATIONS

When determining the application, the committee must have regard to:

- Promotion of the licensing objectives which are;
 - Prevention of crime and disorder
 - Public safety
 - Prevention of public nuisance
 - Protection of children from harm
- The Licensing Act 2003;
- The adopted Statement of Licensing Policy;
- Judgments of the High Court, (your legal adviser will give you guidance should this become necessary);
- The current statutory guidance² issued by the Home Secretary in accordance with section 182 of the Act;
- The representations, including supporting information, presented by all the parties; and
- The human rights of all the parties concerned to ensure both a fair and balanced hearing and to consider any public sector equality duty requiring public bodies to have due regard to the need to:

² Revised statutory guidance issued by the Home Office

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Act;
- Advance equality of opportunity between people who share protected characteristic and people who do not share it; and
- Foster good relations between people who share a protected characteristic and people who do not share it. The protected characteristics are as follows:
 - I) age, ii) disability, iii) gender reassignment, iv) pregnancy and maternity v) race - this includes ethnic or national origins, colour or nationality, vi) religion or belief - this includes lack of belief, vii) sex and viii) sexual orientation.

Statement of Licensing Policy

The Statement of Licensing Policy lays down a general approach to the determination of licensing applications and any such application will be considered on its individual merits. Equally, any person permitted by the Act to make relevant representations to the Committee will have those representations considered on their individual merit.

The Committee should consider the fundamental principles set out in its policy, particularly paragraphs 4.7 and 4.8 which are reproduced below:

- 4.7** *Whether or not incidents can be regarded as being “in the vicinity” of licensed premises is a question of fact and will depend on the particular circumstances of the case. In cases of dispute, the question will ultimately be decided by the courts. In addressing this matter, the Licensing Authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.*
- 4.8** *Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of the overall approach to the management of the evening and night-time economy in town and city centres.*

The Committee should also have regard to paragraphs 7.1 to 7.5 in relation to such circumstances where it may be appropriate to consider the imposition of conditions on a premises licence.

Statutory Guidance

The updated statutory guidance issued by the Home Secretary in accordance with section 182 of the Act refers to the consideration of applications for the grant or variation of premises licences in Chapter 9.

Members may wish to consider the following extracts from the statutory guidance when determining this application:

Paragraph 9.37 " As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or

objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation and should be allowed sufficient time to do so, within reasonable and practicable limits".

Paragraph 9.42 *"Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be."*

Paragraph 9.43 *"The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve."*

Paragraph 9.44 *"Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination."*

Paragraph 10.8 *"The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations."*

Paragraph 10.9 *"It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives."*

Members are reminded about the review provisions contained in chapter 11 of the guidance and, in particular:

Paragraph 11.1 *"The proceedings set out in the 2003 Act for reviewing premises licences and club premises certificates represent a key protection for the community where problems associated with the licensing objectives occur after the grant or variation of a premises licence or club premises certificate."*

Paragraph 11.2 *"At any stage, following the grant of a premises licence or club premises certificate, a responsible authority, or any other person, may ask the licensing authority to review the licence or certificate because of a matter arising at the premises in connection with any of the four licensing objectives."*

Determination of an application

Where an application to grant a premises licence has been made in accordance with section 17 of the Act and where relevant representations have been made, the licensing authority must hold a hearing to consider them, unless the applicant, each person who has made representations and the licensing authority agree that a hearing is unnecessary.

After having regard to the representations, the Committee may take such steps, if any, as it considers appropriate for the promotion of the licensing objectives which are:

- **grant** the licence subject to such conditions as are consistent with the operating schedule modified to such extent as the authority considers appropriate for the promotion of the licensing objectives and any mandatory conditions.
- **exclude** from the licence any of the licensable activities applied for.
- **refuse** to specify a person in the licence as the premises supervisor (if the application relates to the sale of alcohol).
- **reject** the application.

In discharging its duty in accordance with the above, the Committee may grant a premises licence so that it has effect subject to different conditions in respect of:

- different parts of the premises concerned;
- different licensable activities.

Members are reminded of their obligation to give reasons for any decision(s) reached by further reference from the statutory guidance as follows:

Paragraph 13.10 *"It is important that a licensing authority should give comprehensive reasons for its decisions in anticipation of any appeals. Failure to give adequate reasons could itself give rise to grounds for an appeal. It is particularly important that reasons should also address the extent to which the decision has been made with regard to the licensing authority's statement of policy and this Guidance. Reasons should be promulgated to all the parties of any process which might give rise to an appeal under the terms of the 2003 Act."*

A copy of the Statement of Licensing Policy, current statutory guidance and the Act has been supplied to each of the Members' Rooms and further copies will be available for reference at the hearing.

6. APPEALS

Schedule 5, part 1, of the Act sets out the appeal provisions in relation to the determination of an application to grant a premises licence.

Where the Licensing Authority rejects (in whole or in part) an application, the applicant may appeal against the decision to the Magistrates' Court.

Should the committee grant (in whole or in part) an application, the applicant may appeal against any decision to modify the conditions of the licence. Equally appeal provisions apply against the exclusion of licensable activities and/or refusal to specify a person as a premises supervisor.

Where a person who made relevant representations in relation to the application contends that:

- a) that the licence ought not to have been granted, or
- b) that, on granting the licence, the Licensing Authority ought to have imposed different or additional conditions or excluded activities and/or the premises supervisor,

He may appeal against the decision.
