System priority

City Vision: "We do everything we can to enhance wellbeing for everyone in our city by offering the education, care and support that every individual needs for their physical and mental health. All our residents and communities live in good homes where they feel safe, feel like they belong, and can thrive.

Health and Wellbeing Strategy 2022-2030:

HCP Vision: Our vision is for everyone in Portsmouth to be enabled to live healthy, safe and independent lives, with care and support that is integrated around the needs of the individual at the right time and in the right setting. We will do things because they matter to local people, we know that they work, and we know that they will make a measurable difference to their lives.

Health in Portsmouth – what our data and intelligence tells us

Health and Care Portsmouth Plan for children and young people
We will :
• Improve Early Language skills for all our children
• Improve education attendance and attainment
• Strengthen our 0-19 Targeted Early Help offer
• Improve children's health outcomes (as set out in the Children's PH Strategy)
• Improve children's social, emotional and mental health (as set out in the SEMH Strategy)
• Improve outcomes for children we care for and care experienced young adults (as set out in the Corporate Parenting Strategy)
• Improve outcomes for children with Special Educational Needs and Disabilities 0-25

Health Improvement and reducing health inequalities
We will:
• Embed population health management (PHM) with a focus in primary care
• Strengthen primary and secondary prevention with a focus on inequalities including :
 - Implementing CVD prevention plan
 - Achieving ambitions of Smokefree Generation funding
 - Ensuring a clear weight management pathway
 - Embedding importance of wider determinants of health e.g. cost of living
• Support primary care resilience and transformation
• Support Integrated Neighbourhood Team development including though community centred approaches

Health and Care Portsmouth Plan for adults with the most complex lives
We will:
Improve the citywide response to support positive mental health & wellbeing for our residents.
Develop the approach to supporting neurodivergent adults, so that as a system we are assessing and meeting need effectively.
Implement the measures in the Suicide Prevention Action Plan and the monitor via the Real Time Surveillance group to reduce suicide, it's impact on communities and self-harm
Reducing harm caused by substance and alcohol dependency
Tackling recurring factors that lead to homelessness and rough sleeping, and the resultant poor outcomes for individuals.

Health and Care Portsmouth Plan for integrated community care
We will:
Work collaboratively across health and social care to develop preventive approaches and services that build on people's strengths, ensuring people can remain in their homes as long as possible and avoid unnecessary admission to hospital.
Focus on delivering a rehab and reablement offer that promotes people's independence and ensures a smooth transition from hospital back to their home.

Health and Care Portsmouth Plan for person-centred care:
We will:
Work with care providers and the community to develop a range of quality options to address the care, support and accommodation needs of residents, based on understanding of local supply and demand
Ensure that wherever someone comes in to contact with health and social care, they are provided with an appropriate and timely response. Services collaborate and create efficient and transparent referral pathways to ensure people get what they need when they need it.

Blueprint for Health and Care Portsmouth (setting how we work together in the place)

Section 75 agreements for BCF/CHC enabling pooling / alignment of resources to achieve the shared priorities.
