1. Purpose of Report

- 1.1 To update the Health and Wellbeing Board on the recently published NHS Hampshire and Isle of Wight strategy document “Our Renewed Ambition”. This document summarises the key priorities and the actions NHS partner organisations are taking to achieve our ambition and what will be different when we do.

2. Background

- 2.1 Our agreed system-wide ‘interim integrated care strategy’ was published in 2022. Our renewed ambition builds on our shared work to date and the learning we have gained by working as a system over the last two years. The Integrated Care Strategy is based on the health and wellbeing strategies and the local joint strategic needs assessments from each place.
- 2.2 Our Renewed Ambition is not new or a change in direction. It builds on what we have been working together on over time, and significant recent engagement with a number of partners from across our system including local authorities to identify where we can do more together.
- 2.3 Our Renewed Ambition also contains our statutory Joint Forward Plan. NHS partners are required to prepare a Joint Forward Plan before the start of each financial year, setting out how they intend to exercise their functions in the next five years.
