The Financial Challenge

Health Expenditure Projections to 2020/21

The NHS has to deliver efficiency savings of £22bn by 2020/21 in order to close the gap between funding (red line) and resources required (blue line).

Performance

NHS Constitutional standards remain an NHS England priority. We continue to add challenge and support where standards fall below expectations, particularly in relation to access targets including:

- The maximum four-hour wait in A&E from arrival to admission, transfer or discharge.
- Ambulance response times when dealing with emergencies.

Focus on access to services

- Dementia diagnosis
- I A Psychological Therapy uptake
- Early intervention for psychosis
- Eating disorders
